

Features	Benefits
Durable scan element design	Improved scanning performance without friction or wear to protect your hardware investment
Working range: contact to 17 in./43 cm on 100% UPC/EAN symbols	Improves user productivity
Multiple interfaces on-board	Ensures flexible connectivity, allowing for host "future proofing"
Fast performance at 100 scans per second	Increased productivity resulting in shorter check-out lines and better customer service
Reduced Space Symbology® (RSS)	Compatible with emerging symbology to leverage your hardware investment
Global Trade Item Number™ (GTIN™) Compliant	Capable of decoding and transmitting 14-digit GTINs where appropriate
Advanced Data Formatting (ADF) enables users to modify data prior to sending to host computer	Eliminates costly modifications to the host software
Universal cables for sharing	Shares cabling with other Symbol scanners for easy replacement and/or upgrades
Bright LED and beeper with adjustable volume	Multiple modes of confirmation ensure positive user feedback
Flash memory	Facilitates updates/customization of product in the field
Hands-free Intellistand™	Enables presentation scanning and easy switching between hands-free and handheld modes
Ergonomic design	Reduces user fatigue with sleek, balanced form for maximum user comfort and productivity
