

MYOB RetailBasics

Turn your PC into a powerful Point of Sale solution

Fast sales and service software

- Australia's best-value Point of Sale software
- Gives your business that professional look
- Compatible with most POS hardware

Take the guess work out of running your retail business. MYOB RetailBasics can turn a standard PC – like one you may be using at home or in a back office – into a Point of Sale solution.

Rather than guessing where your business is at, MYOB RetailBasics can provide you with accurate information about the performance of your business.

At anytime you can:

View sales data

- What is selling, when and in what volume
- Which staff member or customers are the best
- Discounts and refunds given
- GST collected

Process transactions

- Sales, lay-bys and refunds
- Add credit card surcharges
- Choose from a variety of payment types

Create a stock list

- Create, update and print a list of all your stock items
- Scan or type stock items in directly
- Search, add and maintain stock items
- Insert pictures/photos of stock items
- Print stock code labels

Manage customers

- Add, edit, delete and search for customers
- Print customer lists
- Link transactions to customers
- View customer transactions

Hardware

MYOB RetailBasics connects to most POS hardware, including:

- Barcode scanners
- Cash drawers
- Docket printers
- Scales*
- Customer pole displays

* Selected Magellan, Toledo, and Wedderburn scales only.

Note: A communication port may be required for each additional device.

RetailBasics – factsheet

Minimum system requirements

- PC with Pentium III processor @ 500MHz or better with 128MB RAM
- Video card capable of 1024x768 and at least 256 colours
- 1 GB or more of free hard disk space
- Windows compatible printer
- CD-Rom Drive

Operating Systems

Windows 2000 or Windows XP is required.

Backing up your data

USB or DVD/CD writer backup devices are recommended.

Retail Enhancement & Support – seven days a week

MYOB RetailBasics includes 60 days of support to keep your business running efficiently and profitably. With Retail Enhancement & Support, you'll get seven-days-a-week assistance (via phone, fax or email), special offers and discounts exclusive to MYOB support customers, product updates, and the MYOB Retailer newsletter, with reports on consumer and industry trends and practical techniques to get the most out of your system.

Nationwide consultants (RMPs) are available for onsite assistance.

Making sure it's an authentic MYOB product

To protect against potential piracy and to provide you with reassurance that you have purchased an authentic MYOB product, you will be required to activate MYOB RetailBasics.

You can access MYOB RetailBasics for up to 45 days without activating the program. However, after 45 days of use without activating the program any information you have entered will only be available in read-only format.

Licence agreement

This product is purchased subject to a licence agreement and requires initial registration of the program, activation and periodic confirmation of company files.

And because most retailers work on weekends, our software support is available to you seven days a week. Ongoing support is also available. If you would like to know more, please call **1300 555 111**.

MYOB Retail Point of Sale range

MYOB Retail Point of Sale solutions provide fast sales processing, GST reporting and complete end of day 'cash ups' with just a few clicks of the mouse. MYOB has a reputation for reliability and usability, and can make any retail business smarter.
